

2011 Nebraska Cell Phone Shoot

Sunday, October 23, 2011

Shot at Various Gun Clubs all over Nebraska

Greetings Nebraska Skeet Shooters! The 2011 Skeet year is quickly winding down and the new year will start up on November 1. Now, there is just one final shoot left for this year, the 2011 Nebraska Cell Phone Shoot.

This shoot will be 12 and 20 gauge targets only. It is technically a North Platte shoot but will be shot at various clubs in the State of Nebraska. There won't be any optional money games, awards or prizes, this one is just for bragging rights. We will get started at 10:00 a.m. on Sunday, October 23rd and get squads out to the field as soon as possible.

Shoot-offs will start at 4:00 PM. All scores must be in by 4:00!! It makes for an interesting shoot off when the other shooter is at another club and somebody on a cell phone has to tell you whether you need to proceed to the next station.

Here's hoping for great weather and a good turnout for this last shoot of the 2011 Skeet Year! Good Luck and Good Shooting to all!
